Database Servers

Servers are available for hosting MySQL, Microsoft SQL Server®, Oracle® and PostgreSQL® databases. To learn how to request a new database or change an existing one see Research IT Hub / BeMyIT Store. For further information, please send an email to help-mysql@bmi.cchmc.org.

> ⊘ **Chargebacks Are Discontinued**
>
> Policies have changed, and chargeback is no longer a component of the responsible use model for institutional storage systems such as RDS6 or BMIISI.
